

**Train to the Clouds/Salta Argentina tour
Tuesday and Fridays departures Buenos Aires**

Wings & Rails International Expeditions invites you to ride the rails of the scenic and remote narrow gauge C-14 line. Tour starts in exciting Buenos Aires one of South America's most fascinating cities. Then, fly to the historic City of Salta at the foot of the Andes. Then it is off on the Train to the Clouds for day long adventure in the Andes. This is a chance to see the Argentinean Andes, trains and fabulous scenery. Tours start every Tuesdays and Fridays from Buenos Aires, Argentina. ***Additional tours of Buenos Aires can be arranged before or after the Train to the Clouds tour.***

Train operates from May to December

Train to the Clouds/Tren de los Nubes

Starting from Salta, this wonderful tour will allow us to cross part of the mountain range near the Chilean border. This railroad line is one of the most important, and daring engineering feats in the world: many a section is "crisscrossed" or a "zig-zag", is used to gain elevation in short distances Sharp curves and high bridges are just commonplace—and let us not forget the great many tunnels.

The train will take us from 1,200 mt (almost 4,000 ft) above sea level up to more than 4100 mt (13,452 ft) high. During the trip, we will observe aboriginal villages. The Polvorilla viaduct and the town of San Antonio de los Cobres are the last points of the first leg of the trip. We return back to Salta after reversing at Polvorilla viaduct. During the trip, expert guides will give us all necessary information, and enjoy a fine lunch (not included) in the restaurant car. ***Passengers must be at the station by 06:15 hrs.*** Train departs at 07:05 hrs and returns at 23:48 hrs. only on Wednesdays and Saturdays.

City Tour and San Lorenzo Village

On the free day we will tour the city of Salta, founded in 1582, its main promenades and monuments, in particular: the cathedral, San Francisco church, San Bernardo monastery, and the monument to Martin-Miguel de Güemes—a hero of Independence wars. Later on, we will go up San Bernardo Hill from where we will enjoy a great panoramic view on the whole Lerma Valley. Thereafter, we will visit San Lorenzo, a summer village, crossing the Vaqueros River, the Castellanos River, the Lesser River, and the handicrafts market, getting back to our starting point.

Itinerary

We reserve the right to substitute, alter or modify any part of the tour if any unexpected or unforeseen conditions or circumstances that are beyond our control prevent the completion of such. This itinerary is subject to change without notice.

Health and Safety

This is a tour that requires a lot of walking and steps. Train stations and trains in Argentina do not have handicapped accessibility. Passengers will be responsible for luggage. The train trip will involve high altitude above 10,000 ft. Check with your family Doctor or local Public Health Authority for the latest updates on vaccinations recommended for travel to South America.

Not included in our tour package

Any laundry service, room service or local and long distance telephone calls. Individuals must pay any extra meals, alcoholic drinks or extra services.

Weather

Argentina can be both warm and pleasant one moment, then cold and windy the next. Buenos Aires is a milder climate and the weather can change from sunny, warm or cool, to light rain. So plan for veritable weather and bring a warm jacket. Good hiking boots or walking shoes will be much needed in Salta.

Additional Tours

Tours of Buenos Aires, Iguassu Falls, Ushuaia and Patagonia Region can also be arranged.

Let Wings and Rails International Expeditions design a tour of a lifetime for you.
